

Vanessa Gill

vanessa.a.gill@gmail.com | Greater Seattle Area

Objective

I want to bring beautiful designs to life on the web and create streamlined user-experiences by writing clean, efficient and well-organized code.

Work Experience

Front-End Web Developer | Push Design

May 2013 — January 2015

Developed a variety of consumer-facing client sites for a number of businesses spread across several industries. Worked closely with the design team to produce visually impressive dynamic and responsive web experiences.

Office Administrator | Seattle Drum School of Music

January 2011 — May 2013 (part-time substitute)

Greeted customers and answered phones, scheduled lessons for students, maintained instructors schedules, collected tuition and managed books.

Laboratory Assistant | UW Pharmacy Department

June 2010 — October 2010

Assisted with HPLC assays by inputting methods, sterilizing glassware, preparing solutions, pipetting, centrifuging and evaporating trial samples.

Education

University of Washington | BS Physics, BS Astronomy

2004 — 2008

Worked as a Research Assistant in the UW Parity & Time Reversal Group and as Teaching Assistant for the Physics Education group.

Skills

Primary skill set includes HTML/CSS, jQuery, PHP, WordPress, Responsive Design, Adobe.

Development workflow includes Sublime, Git, Less/Sass, Bash.

Eager to work more with modern web technologies and frameworks such as npm/Bower/Composer/Bundler, Grunt/gulp, Yeoman, AngularJS, Bootstrap, Sage, AWS, etc...
